*Samaa News*. 14 June 2021

The government in Azad Jammu and Kashmir has barred the outlawed Tehreek-e-Labbaik Pakistan from contesting the upcoming election for

the legislative assembly. The election is scheduled for July 25. According to a notification issued by Kashmir's home department, the group was banned under the anti-terrorism act and it would not be allowed to continue any of its political activities. The TLP influence is growing in Pakistan politics and it had secured over 2.2 million votes in the 2018 elections and has three members in the Sindh Assembly. The direct elections to the 45 seats of the Azad Kashmir legislative assembly will be held on July 25, Sunday with over 2.8 million registered voters in Azad Kashmir and 0.4 million voters in Jammu.

### **‘Save merit in AJK’**

*Friday Times, 18 June 2021*

In his Friday Times article, Mubashar Naqvi explains the latest controversy which threatens to transform into a mass movement in AJK. Hash tag SaveMeritInAJK has been trending on social media recently opposing the PML-N government's passage of the notorious law 'AJK Regulation of the Service of Certain Categories of Contractual, Ad-hoc or Temporary Government Employment (Terms and Conditions) Act, 2021'.

'Save Merit in AJK' has now avalanched into a full-fledged youth led movement which started on the social media and is now pouring out into the streets. The protestors allege that the controversial law was a legal cover for the regularization of over 4,000 people connected to politicians and bureaucrats who were inducted in service without any open competition and were not selected through competitive exams, which itself is against the law.

Naqvi also goes on to compare this move to a similar stunt attempted by the All Jammu and Kashmir Muslim Conference in its tenure in 1992 in which 480 ad-hoc employees were regularized through an identical law, which was labeled as Attique Commission. The government of the time faced a huge backlash and the move was scrapped by timely action of the judiciary. Lawyers, civil society and youth activists continued to register

their protests against the law using all available forums and a number of writ-petitions have been filed in the apex court with hope that the law would be declared as ultra-vires.

Thousands of traders involved in Pak-China border trade have gone bankrupt and jobless due to long-term border closure. Corona vaccines are being produced in great numbers in China. They have managed to control the pandemic and are helping us to do the same. Therefore, we demand that the government of Pakistan and the government of Gilgit-Baltistan take steps to open the border with strict SOPs; otherwise we will be forced to protest.
