Kashmiris need ceasefire in entire territory of IOJK: Masood Khan

Parliament Times, 07 April 2021

In a webinar titled "Thaw in the India-Pakistan relations and the Kashmir imbroglio: the way forward", President Azad Jammu and Kashmir called for a complete ceasefire all across the Indian Occupied Jammu and Kashmir. While acknowledging that reinstatement of the 2003 ceasefire is a positive development, President Masood claimed that the move was incomplete and partial unless Indian state put a stop to the killing and maiming of people in the Indian held Kashmir.

"The ceasefire should not be partial. The real pressing and compelling ceasefire that we need is the ceasefire in the valley of Kashmir where people are being killed, maimed, tortured and incarcerated. We need ceasefire in Srinagar, Baramulla, Shopian, Pulwama, Jammu, Poonch and Rajouri to get rid of the tyranny of a foreign occupier," Masood asserted. He however added that an effective ceasefire would bring relief to the people living along the LOC especially the 80 thousand households housing over 6 lakh 40 thousand residents on the AJK side which were under a constant threat of shelling from the Indian army.

UNDP signs pact with GB government to protect mountain communities from natural disasters

Daily Times, 07 April 2021

A number of important Letters of Agreement (LoA) were signed between United Nations Development Programme, Gilgit-Baltistan and the KPK governments to protect the lives and livelihoods of the people in these regions from the devastating impact of climate change induced disasters especially the Glacial Lake Outburst flood events. Special Assistant to Prime Minister on Climate Change Malik Amin Aslam, on the occasion said that the present government is taking all-out measures to mitigate adverse impacts of climate change-caused disasters on mountain communities in the country's north.

Melting of glaciers because of soaring temperatures in the country's north has resulted in the formation of over 3,044 lakes in Gilgit-Baltistan and Khyber Pakhtunkhwa, putting some 7.1 million people at risk from potential GLOF events.

Sharing details of the activities to be conducted by relevant GB and KPK government departments in support with the climate change ministry and UNDP-Pakistan, the climate change ministry official said that the activities to be carried out under the LoAs would seek to achieve significant results in the form of studies undertaken for risk assessments, GIS mapping of hazard locations and completion of forestry surveys in addition to ushering in climate-resilient infrastructures and improved GLOF monitoring and warning systems.

Minister accused of shifting bidding for GB projects to Islamabad

Dawn, 11 April 2020

The Gilgit-Baltistan contractors association on Saturday alleged that the bidding process for development projects under PSDP had been shifted to Islamabad from GB allegedly on the instructions of minister for Kashmir affairs and Gilgit-Baltistan Ali Amin Gandapur. Addressing a news conference at the Gilgit Press Club here, the association's president Firdous Ahmed, general secretary Murtaza Ali and information secretary Mohammad Ismail claimed that the bidding process of PSDP projects had been shifted from GB to Islamabad under a plan after the formation of the Pakistan Tehreek-i-Insaaf government in the region.

Their argument was that since the projects' bidding would be held in Islamabad local officials of different departments could not monitor the process. They said shifting of the projects' bidding process to Islamabad showed the federal government's lack of confidence in GB administration. Thousands of people associated with the local contractors would lose jobs if the tendering process of GB development projects was held in the federal capital.

Deliberations between students and authorities fail, Jamia Kashmir (AJK University) protests continue

Jammu Kashmir Times, 06 April 2021

Deliberations between the students and University authorities at the Jamia Kashmir University AJK failed and the student protests resumed soon after. The students have been demanding a reduction in semester and transportation fees from the past few days. The university authorities had offered the students a fee reduction of Rs. 2000 which the students termed as a 'Joke'. The students soon resumed their sit-in protest at the city campus and called for the continuation of the protests till all their demands were met. The students raised slogans against the university authorities and demanded a 50 percent fee waiver on semester and transportation fees.

Addressing the gathering which comprised of hundreds of students, the student leaders said that in the horrible conditions of the pandemic, the university instead of providing relief to the students and parents are forcing them to take to the streets. With the campuses being closed for greater parts of the last year, a fee hike is totally unacceptable. And now to offer a waiver of mere 2 thousand rupees is an insult to the students and to the institutions. The student leaders also said that the protests would continue till all the demands of the students are met.

An 'Intra-Kashmir' Conference is the need of the hour: Showkat Javed

Daily Ausaaf, 06 April 2021

In view of the growing bloodshed in the Indian occupied territory of Kashmir, the illegal detention of the Hurriyat leaders and the extension of the curfew and clampdown in Occupied Kashmir to more than 610 days, the Pakistan Peoples Party, Azad Kashmir has demanded to call a joint National Assembly and Senate session along with an Intra-Kashmir Conference. Speaking to the media, Peoples Party's Secretary Showkat Javed accused the PTI government of betraying the Kashmiris as it has softened its stand on the abrogation of Article 370 and the blood which Kashmiris are shedding every day. He said that PTI had showcased weak diplomacy along with a weak Kashmir policy. People's Party demanded the resignation of the Kashmir Committee Chief for failing to get any substantial work done.

Mr. Javed further said that trusting India would be like seating a thief on the Judge's chair. He said that thousands of Kashmiris had sacrificed their lives for their right to self-determination and an India-Pakistan ceasefire, while a step in the right direction should not in any way try to belittle those sacrifices.
