*Daily Parliament Times, March 22, 2022*

The Prime Minister (PM) of “Azad Jammu and Kashmir” (AJK), Sardar Abdul Qayyum Niazi has said that the Organization of Islamic Cooperation (OIC) should redouble its efforts to address the long-pending Kashmir and Palestine issues that have been hanging over for the past several decades. While talking to the media, he said that the Muslim body should fully support the “Kashmiris legitimate struggle against Indian occupation” and step up its efforts to address other issues including Palestine. While referring to the “rising tide of intolerance and Islamophobia within the Indian society”, the PM said the OIC needed to take tangible steps to stop “ill-treatment and persecution of Muslims” in India and other parts of the world. While welcoming the OIC foreign ministers’ moot, the AJK PM said that hosting the high-profile conference in

Islamabad was a major diplomatic achievement for Pakistan. He said that it was condemnable that the Hurriyat leaders of “occupied Kashmir” were not allowed to attend the historic conference. He said PM of Pakistan Imran Khan is a true ambassador of the people of Kashmir. Niazi said that “India was committing serious human rights violations” in “occupied Kashmir”. He said that after August 5, 2019, the Indian government had started using “unconstitutional and illegal tactics to destroy the Muslim identity of occupied Kashmir.” He appealed to the OIC foreign ministers to play their due role to stop “atrocities being inflicted upon the people of occupied Kashmir” and to raise an effective voice against the “Indian government’s illegal actions meant to change the region’s demography.”

### **‘Kashmir freedom struggle is a continuation of Pakistan Movement’**

*Pakistan Observer, March 24, 2022*

The Kashmir Media Service (KMS) in its report said that the “Kashmir dispute” is the “unfinished agenda of the partition” of the sub-continent as Pakistanis and Kashmiris share strong religious, historical and cultural bonds. The resolution passed on 23 March 1940 is the main driving force behind the “Kashmir freedom struggle”, which is a continuation of the Pakistan movement. The report maintained that the Kashmiri delegation that had attended the 23 March 1940 public event at Lahore, where Pakistan Resolution was passed, had declared that the “people of Jammu and Kashmir would be a part of a future Muslim state in the region.” Pakistan is committed to continuing its support to the “Kashmiris’ struggle till they achieve freedom from Indian yoke.” The Prime Minister (PM) of Pakistan, Imran Khan, in his address to the 48th session of the OIC’s Council of foreign ministers sought the Muslim body’s strong support for the resolution of the

Kashmir dispute. The foreign minister Shah Mahmood Qureshi in his address to the OIC conference said that India's August 05, 2019 actions are in "violation of the United Nations (UN) resolutions on Kashmir."

The All Parties Hurriyat Conference has said that the "struggling Kashmiris" draw inspiration from the historic March 23, 1940 resolution and that a strong and stable Pakistan is very important for the resolution of the Kashmir dispute. The report said Pakistan and Kashmir are "incomplete without each other" and "pro-Pakistan slogans" raised in "Indian Illegally occupied Jammu and Kashmir" (IIOJK) show the oneness of Pakistan and Kashmir, added that "Kashmiris unfurl Pakistani flags" on Pakistan's national days to show their "attachment and love for the country." It further said that the "Kashmir Baney ga Pakistan" slogan is the voice of every "Kashmiri Muslim."

### **‘25km long relocated KH opened for light traffic in the Diamer-Bhasha Dam area’**

*Pamir Times, March 26, 2022*

A 25-km long patch of the “realigned” Karakoram Highway (KH) has been opened for light traffic in the Diamer-Bhasha Dam project vicinity. The Water and Power Development Authority (WAPDA) chairman and retired General Muzamil Hussain, said that the 25 kilometres long section of the newly constructed road will be opened for heavy traffic within two weeks. The KH is being realigned and relocated in this part of the Diamer district because the existing road will be submerged by the Diamer-Bhasha Dam project. The

realigned/relocated section of KH lies between Shatial and Minar Nala. The WADPA chairman said that after the resumption of traffic, tourists and locals coming to Gilgit-Baltistan (GB) will be able to continue their journey on the relocated KH without stopping at the dam site. The carriageway of the highway, constructed at a cost of over 5.78 billion, is between 7.3 and 9.8 meters wide. At present, construction work on eight sites on Diamer Bhasha Dam is in full swing. The height of the Roller Compact Concrete (RCC) dam, which is being constructed for water storage and access to cheap energy, is 272 meters. The dam has a total storage capacity of 8.1 million acre-feet. The dam will generate 4,500 Megawatt (MW) of affordable and environmentally friendly electricity, says the WAPDA communique.
