Date

General terms and Conditions

1. **Time Schedule:** The work shall be completed within 120 days from the date of placing of order **except library where periodic regular GPC to be conducted**. A sum of Rs 1000 per day will be charged for delay in completion of work. Decision of Institute, in this regard shall be final and binding, in case of non-availability of flats.

2. **Execution of Work:** The materials/chemicals used and /or incorporated into the work shall be and strictly conforming to specifications, as per latest **Indian Standard code of practice for Anti termite measure in building (IS 6313 part 3)**. The job work shall be executed in best workman like manner, to the entire satisfaction of the Estate Manager.

3. **Unit Price:** Unit rates quoted as per scope of work for the work shall be deemed to include all material, chemical, labour, tools and accessories, as required for proper execution of work complete in all respects. Any missing minor details which are not spelt out in the description of items but are required for proper completion of job work, shall be deemed to have been taken into account in the quoted rates. The rates shall also include for all taxes (Including GST), transportation etc. including price escalations, contractor's overheads and profits. Nothing extra shall be admissible on any such account.

4. **Earnest Money Deposit:** Bidders are required to submit Earnest Money Deposit (EMD) along with their bids. While submitting the bid, the vendor shall deposit Earnest Money of **Rs. 14000/-** by demand draft / PO favoring **"MP-IDSA" payable at New Delhi**. No other mode of remittance shall be accepted. EMD is to remain valid for a period of 90 days beyond last date of the final bid . EMD of the unsuccessful bidders will be returned to them at the earliest after expiry of the final bid validity and latest on or before the 30th day after the award of the contract without any interest. The EMD of the successful bidder would be returned, without any interest whatsoever, after the receipt of Performance Security from them as called for in the contract. EMD is not required to be submitted by those Bidders who are registered MSME, etc. The EMD will be forfeited if the bidder withdraws or amends, impairs or derogates from the tender in any respect within the validity period of their tender. The bidders found without EMD are liable for outright rejection.

5. **SECURITY DEPOSIT** : On receipt of the Letter of intent (LOI), the successful bidder shall furnish 5% of the contract value as security deposit in accordance with the conditions of contract and as acceptable to the Institute, which may be furnished in the form of BG from Nationalized Bank in favour of MP-IDSA payable at New Delhi. The Security deposit should be valid for a period of Sixty days beyond the date of completion of all contractual obligations of the contract including completion of defect liability period or warranty.

6. **Penalty Clause:** Penalty shall be imposed on contractor for not following the frequency of service or as and when defect occurs during the defect liability period. Penalty for such incident is tabulated below:-

SL No	Nature of Error	Minimum penalty by the Deptt.
(i)	For not attending Complaint	Rs.1000/- per day per default
(ii)	Causing damage to IDSA property	Equaling to the value of the damaged property

Further, IDSA reserve the right to execute the work from market at the cost of bidder , in case firm does not respond , and the cost shall be deducted from withheld Security Deposit.

7. **Delivery of Materials/Items and Completion:** Inspection of the finished work will be carried out by the representative of MP-IDSA. The work shall be completed to the entire satisfaction of the MP-IDSA. On completion of the work, the contractor shall inform the institute in writing with the date of physical completion of work for final approval for issue of completion certificate.

8. **Defect Liability:** The work completed shall have defect liability period of **36 months** from the certified date of completion for termite treatment. The contractor shall re-do the work, wherein defects have developed during this period under the direction of the institute, at no extra cost. **The contractor shall also submit scheduled date of visits (Quarterly) for inspection at contractor's end during the warranty period at no extra cost.** A service contract shall also be signed before the award of work is issued.

9. **SUBMISSION OF TENDER:** The technical Bid and the Price Bid shall have to be submitted online at GeM, tenders will be opened electronically on specified date and time as given in the NIT. All entries in the tender should be entered in online Technical & price bid Formats without any ambiguity.

10. **OPENING OF TENDERS:** Bids will be opened online by the committee constituted by the Institute . All qualified Tenderers will be informed in advance the date of opening of financial bids in presence of their representative(s), if they wish to be present.

11. Scope of work: The work includes complete anti termite treatment in campus. After completion of work, firm has to carry out quarterly (03 months) inspection visit. If any defect is observed, the firm has to complete the work without any extra cost. A report will be submitted at the end of each quarterly visit. Scope of work covers following area which is tabulated below:-

SLNo.	Area/Flats	Qty.	Area in Sqm/Unit
(i)	Director General's(DG) Residence	01	347
(ii)	1 BHK	28 (A Block & STA)	50
(iii)	1 BHK	04 (C Block)	39
(iv)	2 BHK	32 (A ,B Block & STA)	112
(v)	3 BHK	08 –A & B Block	138
(vi)	Parking area of A,B,C Block including DG's Residence ,Scholars Transit Accommodation(STA) area, Garden/Lawn in residential area	-	As per site
(vii)	Office building , and basement, Garden/Lawn in institutional area	-	As per site

- (i) Bidder should have experience of at least five years in this field.
- (ii) Firm should have valid license for carryout such works or Registered with any Government organization /Autonomous body or should have undertaken in field of pest control. Upload documentary proof.
- (iii) GST No & PAN, Upload documentary proof.
- (iv) Copies of Experience Certificate for similar type of works and at least one work completed for 10 lakhs or more with one organization/Institute/Department.
- (v) The firm should not have been blacklisted / debarred in any manner from any Govt. Department. A declaration on a stamp paper of Rs. 10/- should be uploaded/attached.
- vi) Complete tender document in all respects duly signed & stamped on each and every page as a token of acceptance of all the terms and conditions of tender shall be submitted along with EMD and uploaded on e-portal.
- vii) Self-attested copies of Work Orders/ Award letters along with certificates of completion in support of proof of experience for the works executed by the bidders during last 5 years ending on **30.09.2026**. MP-IDSA reserves the right to cross check the documents from the issuing department/ company.
- viii) **VALID LICENSE:** The bidder should have a valid license issued by State Govt./Central Govt. Department/Central Pesticide Board to stock & use pesticides. A copy of the certificate has to be submitted and uploaded on e-portal.
- .ix) Average Annual financial turnover during the last 3 years, ending 31st March of the previous financial year, should be at least Rs. 45 Lakhs per annum.
- x) Experience of having successfully completed similar works during last 3 years ending last day of month previous financial year 2022-23 to the one in which applications are invited should be either of the following: -
 - a. Three similar completed works costing not less than the amount equal to 40% of the estimated cost.
 - or
 - b. Two similar completed works costing not less than the amount equal to 75% of the estimated cost.
 - or
 - c. One similar completed work costing not less than the amount equal to 100% of the estimated cost.

Note:-Definition of Similar Work: Should have carry out pest control services preferably termite treatment in any Govt. office or large private sector company.

- (xi) For MSME registered bidder: Declaration of Udyog Aadhaar Memorandum (UAM) number by the MSME vendors on GeM portal should be made. The MSE

bidders who fail to submit UAM number will not be able to avail the benefits available to MSEs as contained in Public Procurement Policy for MSEs.

(xii) MSME bidders under relevant category need not to deposit EMD.

(xiii) Bidders shall submit undertaking for not being blacklisted from any origination in last 3 years.

16. **Methodology for Anti -Termite Treatment:** Anti -Termite treatment shall covers measures for the total eradication and control of termites in buildings. The chemicals as well as procedure shall conform to **Indian Standard code of practice for Anti termite measures in buildings (IS 6313 part 3)**.

17. **Mode of treatment:** Anti-Termite treatment shall be done for building with RCC foundations or with load bearing walled foundations. The principle of the treatment is to create a continuous chemical barrier/Zone below and around the building/structure. The stages of treatment is mentioned below:-

(i) **Soil Treatment:** The application of chemicals (toxicant) to the soil adjacent to and under a building to form a chemical barrier which is lethal or repellent to termites.

(ii) **Wood Treatment:** The application of chemical termiticides to woodwork and wood-based materials to eliminate existing termite infestation and to make it resistant to termite attack for the future.

(iii) **Treatment along /outside of foundations:** The soil in contact with the external wall of the building shall be treated with chemical emulsion at the rate of 7.5 l/m² of the vertical surface of the sub structure to a depth of 300 mm. To facilitate this treatment a shallow channel shall be excavated along and close to the wall at 1.75 Liters per running meter of the channel. Rodding with 12 mm diameter mild steel rods at 150mm apart shall be done in the channel if necessary for uniform dispersal of the chemical to 300 mm depth from the ground level. The balance chemical of 0.5 liter per running meter shall then be used to treat the backfill earth as it is returned to the channel directing the spray toward the wall surface. If there is a concrete or masonry apron around the building, approximately 12 mm diameter holes shall be drilled as close as possible to the plinth wall at 300 mm apart, deep enough to reach the soil below, and the chemical emulsion pumped into these holes to sock the soil below at a rate of 2.25 Liters per linear meter.

(iv) Treatment at points of contact of woodwork: All existing woodwork in the building which is in contact with the floor or walls and which is infested by termites, shall be treated by spraying at the points of contacts with the adjoining masonry with the chemical emulsion of concentration by drilling 6 mm holes at a downward angle of about 45° at the junction of woodwork and masonry and squirting chemical emulsion into these holes till refusal or to a maximum of half a liter per hole. The treated holes shall than be sealed. The anti-termite treatment involves treatment of woodwork and treatment of electrical fixtures as per IS 6313-3 (2001).

(v) Treatment of soil under floor: The points where the termites are likely to seek entry through the floor are the cracks at the following locations:-

- a) At the junction of the floor and walls as a result of shrinkage of the concrete;
- b) At construction joints in a concrete floor, cast in sections; and expansion joints in the floor.

Chemical treatment should be provided within the plinth area of the ground floor of the structure wherever such cracks are noticed, by drilling vertically 12 mm holes at the junction of floor and walls, constructional and expansion joints mentioned above at 300 mm interval to reach the soil below. Chemical emulsion shall be squirted into these holes using a hand operated pressure pump until refusal or to a maximum of one liter per hole. The holes shall be sealed. In general, the idea is to change the soil below the floor at the locations of cracks with toxicants so that termites in the soil are denied access through such cracks and openings in the floor.

(vi) Key Components of a Library Books Pest Control

- **Scope of Work:** Regular spraying, fogging, and specialized anti-borer/termite treatments for book stacks, reading rooms, archival storage, and wooden furniture including rodents work required by Library.
- **Responsibility of service provider:** On monthly basis after GPC the area must be clean and vacuumed by the service provider by his own arrangement without any extra cost.
- **Payment for Monthly services:** Payment shall be made on quarterly basis.
- **Safety & Chemicals:** Mandates the use of eco-friendly, non-staining, and odourless or low-toxicity chemicals safe for paper, rare manuscripts, and human occupants.
- **Target Pests:** Silverfish, booklice, termites, woodborers, cockroaches, and rodents using safe traps and specialized fumigation.
- **Service Frequency:** Periodic schedules (monthly) including logbook maintenance and immediate call-out services for infestations.

- The contractor has to carry out the necessary pest control service mainly in respect of the following pests:- (i) Rats and Borer (ii) Bees & Warps (iii) Cockroaches (iv) White Ants, Termites (v) Mosquito Spray
- The Contractor/Firm shall use latest method /technology in executing the work of Anti Termite Treatment and Rodent Control, and the contractor/firm shall be responsible for removal of any dead rats/other insects etc and other pests after the treatment.

18. CHEMICALS: Any one of the following chemicals conforming to relevant Indian Standard in water emulsion may be used for the soil treatment in order to protect a building from termite attack.

<u>Chemical</u>	<u>Indian Standard</u>	<u>Concentration by weight, %</u>
Chlorpyrifos 20 EC	IS 8944	1.0
Lindane 20 EC	IS 632	1.0

Anti-Termite Treatment on wood work: - Providing, diluting & injecting chemical emulsion for POST CONSTRUCTIONAL anti-termite treatment at points of contact of wood work by chemical emulsion Chlorpyrifos/Lindane/Imidacloprid 30.5% SC (in oil or kerosene based solution) @ 0.5 ltrs. per hole by drilling 6 mm holes at downward angle of 45 degree at 150 mm centre to centre and sealing the same.

Anti-Termite Treatment on below concrete or masonry: - Providing, diluting & injecting chemical emulsion for POST CONSTRUCTIONAL anti-termite treatment: Along external wall below concrete or masonry apron using chemical emulsion @ 2.25 ltr. Per linear meter including plugging holes etc. With Chlorpyrifos / Lindane E.C.20% / Imidacloprid 30.5% SC with 1% concentration.

19. Precaution: The chemicals described in this tender are insecticides with a persistent action and is to be regarded as highly poisonous. These chemicals can have an adverse effect upon health when absorbed through the skin, inhaled as vapours or spray-mists or swallowed. Persons carrying out chemical should know the precautions and exercise due care when handling the chemical whether in concentrate or in diluted form. The use of the chemical should be avoided where there is any risk of wells or other water supplies becoming contaminated.

Contractor is fully responsible for any eventuality occurs to his workmen during execution of work.

20. **Dispute Resolution:** Disputes, if any with regard to the interpretation, execution and /or implementation of these terms and conditions shall vest exclusively in the Director General, MP-IDSA whose decision shall be final and binding upon the parties. Disputes, if any with regard to the decision of the Director General, MP-IDSA in the regard, shall be referred to Arbitration at the hands of a sole Arbitrator to be appointed by MP-IDSA shall all proceedings in this regard shall be subject to the sole and exclusive jurisdiction of Courts of Courts of competent jurisdiction at New Delhi.

20.1 Upon acceptance of the bid, no sub-letting/transfer would be allowed by the Operator except with the prior written permission of the Director General, MP-IDSA.

21. Standard force-majeure conditions would apply.

Additional Terms & Conditions

- (A) Tenderer shall to quote the consolidated rates for anti-termite treatment.
- (B) The firm shall make his own arrangement for transportation of personnel, materials etc.at his own cost and expenses.
- (C) The firm shall ensure that there should not be recurrence of the problem during the period of 03 years after treatment. In case, the problem exists in such place/area the contractor shall provide the service without any claims/charge in such cases.
- (D) The timing and deployment of worker would be according to the time coordinated with the institute.
- (E) The contractor should have professional trained personnel to carry out the pesticide treatment.
- (F) The contractor should purchase all formulation / pesticides to be used only from original manufacturer or their authorized dealer. A bill of the same would be shown before use of the chemicals. The chemical should be branded ISI marked products of a company.
- (G) If any complaint is received that the treatment is not satisfactory then the said complaint shall be attended again by the contractor immediately free of cost/charge. In case complaints are still received even after treatment, the institute may review the contract, and may terminate the contract if necessary.
- (H) The Institute reserves the right to terminate the work order any time without assigning any reason therefor.
- (I) No bidder is allowed to withdraw the tender. In case of withdrawal the EMD shall stand forfeited besides action being taken to black list the bidder.
- (J) The contractor shall not appoint any sub-contractor for the work under any circumstances.
- (K) All the T& P is to be arranged by Contractor and nothing extra shall be paid on this account
- (L) All the labour bye laws & regulations are to be followed by the contractor.
- (M) The contractor shall make his own arrangement for making electric

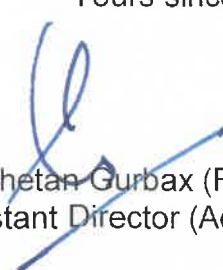

connections to equipment like drill machine etc. If any.

- (N) The Contractor shall be bound to follow the restrictions on the movement of labour, at MP-IDSA campus due to security or any other reason(s). No Claim shall be entertained on this account.
- (O) The contractor shall take all precautions to avoid accidents by exhibiting necessary caution boards, lights, flags etc. He shall be responsible for all the damages, accidents, caused due to negligence.
- (P) The contractor shall personally responsible for violation of any guidelines and shall have to pay the fine /penalty imposed by appropriate authority. No claim on this account shall be entertained.
- (Q) The rate quoted by the contractor shall include with all lead lift height and nothing extra shall be paid.
- (R) TDS and GST will be deducted as per applicable rules.
- (S) The contractor shall be fully responsible for safe custody of the material even if the materials are under double lock system.
- (T) Quantity can be increased or decreased depending upon site conditions.
- (U) Standard force-majeure conditions would be applied.
- (V) Contractors are advised to Visit the site before quoting. After opening the bids no excuse will be entertained with regards to site conditions, security restrictions, etc. Bidders are to submit the Performa as per (Appendix –I)
- (W) Contractor will have to submit/upload unconditional acceptance to the above terms and conditions at the time of submission of the tender.

Director General, MP-IDSA reserves the right to accept or reject the lowest or any offer or all offers without assigning any reasons thereto.

Please acknowledge.

Yours sincerely,

Col. Chetan Gurbax (Retd.)
Assistant Director (Admin)
